

Islamic concepts and beliefs and some holy Quranic references regarding man's creation

TO DIALOGUE BY DESIGN/HFEA

Please allow us to send you now as promised, the second part of our response: our Islamic beliefs and holy references in response to your consultation on the Mitochondria diseases.

We did answer your Consultation online about midday today.

ISLAMIC CONCEPTS AND BELIEFS/ISLAMIC REFERENCES FROM THE HOLY SCRIPTURES/QUR'AN REGARDING MAN'S NATURAL CREATION

The final Holy book AL-QUR'AN and the teachings of Islam emphasize all the times that our all GOD, the One and Only GOD, is the CREATOR and the BEST DESIGNER of everything He has Created.... and that He Created man(from one egg and one sperm by fertilization ,then organized beautifully : implementation and development/pregnancy and birth)) in a programmed highly organized way and all are in order, in balance, and in due proportion ...for best safe natural pregnancy and for a NATURAL NORMAL HEALTHY CHILD!

A child in Islam should result only from the NATURAL NORMAL FERTILISATION of the egg of the mother/wife with the sperm of the father/husband and during marriage only.

NO THIRD PARTY (woman or man) is allowed in Islam in the making and formation of the fertilized egg or the child from any source.

Changing or adding at fertilization is not allowed in Islam.

A full complete egg of the mother (Nucleus/Mitochondria/genes...), with no extra added from any other woman, should unite only with the sperm of the father.

Similarly only the full sperm of the father (with his own genes only) ,with no outside human genes ,should unite with the full egg of the mother (having her genes only)

FULL LEGITIMACY IS OBLIGATORY IN ISLAM.

A child should have **only** the genetic elements coming from both mother and father.

No extra genes (Mitochondria) from any outside source should go into the creation and the formation of the new child.

All other ways of fertilization for making a child are PROHIBITED (like: egg donation, sperm donation, genes donation, surrogacy and cloning).

"Genetically modified child" as in the adding of Mitochondria/genes or any other, from a foreign source/woman, is absolutely forbidden and is blasphemous and the procedure is wrong sinful unsafe unnatural and is satanic too by making any change in the holy fixed Creation of man.

Otherwise, A SERIOUS PSYCHOLOGICAL MENTAL IDENTITY CRISIS will affect any child who has got 2 mothers in his formation?

This is a medical fertilization ABUSE of the innocent child and is not in the best interest of the child!

A NATURAL NORMAL HEALTHY CHILD SHOULD IDENTIFY **ONLY** WITH THE 2 SACRED SOURCES OF HIS?HER GENES/CREATION: ONE MOTHER AND ONE FATHER ONLY.

Please allow us now to give you some references/ few holy verses from the holy Book AL QUR'AN:

GOD SAYS IN THE HOLY BOOK AL-QUR'AN:

In the Name of GOD, the Most Compassionate the Most Merciful

"INDEED WE HAVE CREATED /FASHIONED MANKIND ACCORDING TO THE BEST ORGANIZED PLAN"
(Chapter 95, verse 4)

"INDEED WE CREATED MANKIND FROM A SMALL QUANTITY OF MINGLED FLUID (sperm and egg)..."
(Chapter 76, verse 2)

"...GOD IS THE ONE WHO CREATED ALL THINGS ACCORDING TO THE BEST PLAN..."
(chapter 32,verse 7)

"...HE CREATED EVERYTHING AND HAS MEASURED IT EXACTLY ACCORDING TO ITS DUE MEASUREMENTS..." (Chapter 25, verse 2)

"WE HAVE CREATED EVERYTHING IN DUE PROPORTION/BY MEASURE..." (Chapter 54, verse 49)

"THE ONE (GOD) WHO CREATES IN DUE PROPORTION AND HARMONOUSLY" (chapter 87, verse 2)

"GOD IS THE CREATOR OF ALL THINGS AND IS THE GUARDIAN OVER EVERYTHING" (chapter 39, verse 62)

"SURELY YOUR LORD IS THE CREATOR THE ALL KNOWING" (chapter 15, verse 86)

So every man/woman is created perfect naturally in the best way of creation!

To make any change in the creation is blasphemous, unwise, unnatural and dangerous.

More than that, we are clearly ORDERED in the QUR'AN, not to CHANGE or ALTER any of GOD's creation:

"...THERE IS NO ALTERATION IN GOD's CREATION..." (Chapter 30, verse 30)

"...I (Satan) WILL ORDER THEM TO CHANGE THE NATURE CREATED BY GOD....!" (Chapter 4, verse 119)

So it is SATAN's work to seduce people to change GOD's creation of man, as in cloning and as in this Consultation on the Mitochondria !

The 2.5 million British Muslims, the 30 million Muslims in Western Europe and the 1500 million Muslims in the world, all believe in these basic Islamic concepts and in the holy verses in the Qur'an regarding GOD's FIXED PERMANENT WAY IN THE CREATION OF MAN(& woman) .

No other way is accepted, all for the best interest of the child, woman and all society.
