

## MEDIA RELEASE

FOR PUBLICATION

### URGENT WARNING TO ALL MUSLIMS : FLUENZ vaccine contains PORK/AVOID YOUR CHILDREN HAVING IT???

I would like first to **THANK** very much the new **BRITISH ISLAMIC MEDICAL ASSOCIATION (BIMA)** who has alerted us first to this important issue: **PORK** in the new Flu vaccine(**FLUENZ**) giving in a nasal spray;

**BIMA** requested **PUBLIC HEALTH ENGLAND** to give to Muslims an alternative vaccine which does not contain pork.

I like to give you the official List of excipients/ingredients in Fluenz vaccine as published by the drug company on Google:

Sucrose  
Dibasic potassium phosphate  
Monobasic potassium phosphate  
Gelatin (porcine, Type A)  
Arginine hydrochloride  
Monosodium glutamate monohydrate  
Water for injections

THIS FLU VACCINE WILL BE GIVEN SOON TO MUSLIM CHILDREN IN SOME SCHOOL in Leicester...?Manchester???  
ALL MUSLIM PARENTS SHOULD OPPOSE this vaccine AND **AVOID** THEIR CHILDREN HAVING THE **HARAM(PORK)** in this VACCINE?

You are allowed to avoid it for religious reasons.

Besides, the practicing **JEWISH** community do not accept the consumption of any pork and the **VEGETERIAN** community do oppose it too !

-This is the BBC article on the vaccine:

<http://www.bbc.co.uk/news/uk-england-leicestershire-24113970>

-Also if we see the link below in Google ,we will find a lot of verses in the Bible(Christianity) against eating pork or consuming any?

[What Does the Bible Say About Eating Pork? - OpenBible.info](http://www.openbible.info)

1. <http://www.openbible.info/topics/eating%20pork>
  - o Bible verses about **Eating Pork**. ... The Lord will bring a nation **against** you from far away, from the end of the earth, swooping down like the eagle, a nation ...

In fact there are today many vaccines which contain many **HARAM /FORBIDDEN INGREDIENTS** especially **PORCINE/PORK** substances and are unfortunately consumed by Muslims all over the world like the Polio vaccine?

Besides, pork consumption has been found to be linked to over 80 diseases which affect the people who eat it?.

-Please see also my **study** on:

"MUSLIMS" are consuming a lot of PORK today???

[Republished with kind permission of the author] A. Majid Katme, MBBCh, DPM (medical doctor) Spokesman, Islamic Medical Association (UK) January 21, 2011 A. Majid Katme, MBBCh,DPM We are giving our innocent children haraam (forbidden) substances and harmful chemicals that destroy their natural immune systems, causing disease, suffering and death. All Muslim doctors and parents should be [...]

The least we can ask is **to have 100% TRUE HALAL VACCINE as an Alternative** without any HARAM ingredient and with NO ANY HARMFUL CHEMICAL LIKE MERCURY and ALUMINIUM and NO NAJASSAH/UNCLEAN/ MATERIALS like faeces and urine and NO FOETAL OR HUMAN PARTS???

Unfortunately our Muslim doctors and chemists and Muftis have failed us as we discovered that many vaccines contain many HARAMS/MUHARRAMAT and not only PORK and are taken by most Muslims in the world? ?

**I have to warn Muslims that:**

**Unfortunately, some Muslim scholars in the Muslim world have given before Fatwa to WHO(World Health Organisation) and to the non Muslim drug companies that it is okay to have pork gelatine in vaccines???**

**But many Muslim scholars and Muslims believe this is wrong and can not be accepted as halal vaccine?**

**We should ask always for ALTERNATIVES OR TRUE 100 %HALAL VACCINES**

**if you have to take these vaccines?**

**Drug companies (non Muslims) does not know or care about halal and haram medicine or vaccine...?**

**They should care now and PRODUCE true halal vaccines with no PORK or ALCOHOL or HUMAN parts inside for the large number of the Muslim consumers.**

**The vaccines should be also free from harmful chemicals like Mercury and Aluminium.**

**True Jewish and Christian believers and the Vegetarian people should join us in our legitimate human right and faith demand.**

**Everyone should have an INFORMED CHOICE AND an INFORMED CONSENT**

**Very important also is to make known to all consumers who take vaccines or medicine in a clear LABELLING by mentioning in big letters any of the HARAM (FORBIDDEN) ingredients which are opposed by the Muslims on any vaccine or medicine.**

**There is a great need today to have our OWN HALAL/ISLAMIC MEDICAL/DRUG COMPANY:**

**in order to make sure that all medicines/drugs and all vaccines are :**

**-100% HALAL**

**- 100 % SAFE**

**-100% EFFECTIVE**

\* Unfortunately almost all Muslim scholars, especially those who gave the okay Fatwa for vaccines with Pork, do **LACK** medical / health knowledge and are not medically qualified, with respect to them , in order to give a medical fatwa?

For example, in the past they use to accept smoking...now they declared it , Alhamdulillah, as HARAM...which is the right Fatwa.

They are also **UNAWARE** that:

-There is rising opposition in the west by doctors, scientists and parents to vaccines , not on religious ground but on Health ground... with hundreds of websites , some of it: Muslims?

-Vaccines do contain 5-10 HARAM/forbidden ingredients and not only PORK?

- Many Vaccines contain unclean unhygienic materials from faeces , urine...(NAJASAH)

-Many vaccines contain HARMFUL chemicals to health like: Mercury and Aluminium

-There is a suitable ALTERNATIVE TO THE MUSLIMS called: HALAL VACCINE if one needs it.

We only need to ask for it or work on it if we care about practicing our religion...

-The non-Muslims/western people who are against vaccines do Campaign for Healthy Safe Alternatives to vaccines like: Good period of breastfeeding to the child, healthy safe natural diet/food, proper sanitation ,clean water etc...

Also many Muslims do not know that we have MUSLIM FATAWAS in details which did not allow vaccines, like Jamiatul Ulama (Darul Ifta) and Majlusul Ulams in South Africa.

Some also said that it is not allowed to take it for HAJJ if it contains some Haram / harmful chemicals.

THERE IS A GREAT NEED TODAY TO ESTABLISH **A HOLY MEDICAL ALLIANCE** (Muslims-Christians and Jews) with the Vegetarians AGAINST THE CONSUMPTION OF PORK OR ANY PORCINE INGREDIENT in vaccines or medicine or foods.

AN URGENT transparent sincere **DEBATE/DISCUSSION** WITH MULTIPROFESSIONAL PEOPLE (doctors/chemists/scientists...) AND RELIGIOUS LEADERS IS NEEDED NOW as a first step!

### **Please Muslims:**

-Inform the Imam to mention it in coming Friday prayer

-Put it on websites

-Mention it in Muslim and Asian radios and in Muslim and Asian TVs

-Publish it in many Muslim papers and magazines

-Printed it and distribute it

-Translated to Urdu/Bengali/Turkish / Arabic.....

-Send it by E mail to all Muslim contacts you know.

-Text them the message on this vaccine

PLEASE MUSLIMS : SPREAD QUICKLY THIS IMPORTANT MESSAGE TO ALL MUSLIMS IN BRITAIN AND EVERYWHERE !

Let us remember also that according to Islam :

Every Muslim should avoid having any haram/forbidden substance inside his/her body ..otherwise :

-His/her Salat/prayer will not be accepted for 40 days

-His/her Du'a/prayer will not be accepted

-And he/she will not enter Jannah/Heaven when the organs and muscles were grown on haram/forbidden substances (as in the case of children) like: non Halal meat/food/drink or non halal medicine or vaccine.

Also in Islam, when there is a controversial or doubtful case/situation (Shubuhah)

Every true Muslim believer should avoid it completely: This is a golden safe rule in Islam.
