

MUSLIMS ARE "CONSUMING" A LOT OF PORK TODAY ???

As All Muslims know, that it is PROHIBITED in Islam to consume any part/ingredient from the pork (pig/swine/bacon): meat, fat/lard, bones/Gelatin, organs, skin, porcine substances, DNA etc...

In the Name of ALLAH, the most compassionate the most Merciful

" FORBIDDEN TO YOU ARE:

Dead meat, blood, the flesh of swine....." (AL QUR'AN: Surah 5-verse 3)

There are 5 verses in the Qur'an, 4 of it mentioned this PROHIBITION of PORK.

Pork is prohibited in Judaism too and very much opposed in the Bible/Christianity as unclean animal. There are today about 70 diseases which are caused by pork, latest is the link to Swine Flu. Pork has got a lot of fat which can cause Atherosclerosis, damage the heart, cause heart attacks and kill many people....

Gelatin (from the bones of pork) is widely used in a lot of foods, biscuits, ice cream and drinks in the supermarkets today.

A lot of Muslims are buying it and consuming it, without checking the ingredients, or knowing about it and avoiding it?

PORK is the filthiest dirty smelly animal and is considered UNCLEAN/NAJIS.

WORSE: PORK has been found, according to many scientific medical analysis reports, to be in:

- Minced meat in Halal shops? and in a lot of meat/foods found in South Africa?
- Halal donor Kababs: See the report by Chris Hanlon below in the Daily Mail on 1 May 2012:

"Test lamb kebabs in 20 restaurants... and found that NONE contained just lamb?

- All kebabs contained a mixture of pork, beef or poultry
- Only three lamb curries tested had just lamb
- Four curries contained none at all
- Muslims may be unwittingly eating pork
- One kebab contained almost 20 times the safe levels of food colouring"
- Halal chicken (after injecting porcine substances and water inside the chicken)
- Beef burgers:

A total of 27 products were analysed, with 10 of them containing horse DNA and 23 containing pig DNA. Horsemeat accounted for approximately 29% of the meat content in one sample from Tesco.

In addition, 31 beef meal products, including cottage pie, beef curry pie and lasagne, were analysed, of which 21 tested positive for pig DNA."

- There are a lot of ADDITIVES in most foods today...some of these additives did originate from PORK like:

* E441 Gelatine: derived from the bones and/ or hides of cattle and/ or pigs

- Glycerol / Glycerin / Glycerine (E422) - haraam if obtained from pork or non-halal meat sources.
- Emulsifiers (E470 to E483) - haraam if obtained from pork or non-halal sources.
- Edible Bone Phosphate (E542) - haraam if obtained from pork or non-halal meat sources

Halal foods in prisons given to the Muslim prisoners, after been certified as Halal by the Halal Food Authority (HFA)?

(Is important to mention also that The Official Muslim view and the view of the Muslim Council of Britain and the view of the majority of Ulama/Muslim scholars in Britain is against STUNNING and against MACHINE slaughter, but unfortunately the HFA uses both: Stunning and Machine slaughter for their halal meat?)

WORSE AND WORSE: Porcine substances are found frequently and widely in:

MEDICINE/DRUGS???

VACCINES???

All Muslims in the world are having a lot of it inside their bodies???

I believe also that PORK/Porcine ingredients/ Pork DNA will be found soon if tested well, in the? Halal meat/foods given to our Muslim children in schools and to our Muslim patients in hospitals and in the foods given in the Aeroplanes...

- Even some brands of cigarettes have been made with the adding of PIG's blood??(Smoking is doubly haram now)

- Not only that, but the body of the PORK is used to make 180 items for our daily life, many of it are "consumed or used" by Muslims???

Please see the illustrative photo of the PORK below, which was published by the Daily Mail before:

Pig and its Derivatives

The issue of the "consumption" of PORK/porcine substances by a large number of the Muslims in the world is VERY SERIOUS

and NEGLECTED!, Unfortunately, Muslim governments, Bodies of IFTA/Shari'a and Imams, Muslim leaders, Muslim doctors, Muslim chemists and Muslim leaders and Muslim organisations...HAVE ALL FAILED US AND MADE NO EFFORTS TO STOP THE FILLING OF OUR PURE MUSLIM BODIES WITH MUHARRAMAT (PORK/PORK DERIVATIVES)???

Most Muslims have forgotten that according to many AHADITH/Sayings of the final Prophet Muhammad (peace be upon him)

Any Muslim body fed haram substances, like PORK, will not enter JANNAH/paradise, Du'as will not be accepted, and the Salat/prayers for 40 days, will not be accepted?

Muslim parents are more responsible to protect their innocent children from the consumption of any haram substance...as their organs/bodies, will be formed and made from the harams substances/pork in their bodies...this is very serious and the Muslim parents will be punished more for this neglect...

No doubt, it is SAFER and more sure HALAL if you can:

GROW YOUR OWN,COOK YOUR OWN AND EAT YOUR OWN...!

TIME HAS COME TO ESTABLISH QUICKLY A NEW NATIONAL/INTERNATIONAL ISLAMIC SCIENTIFIC MEDICAL BODY: Food scientists, Chemists and doctors, Muftis and Ulama...in order to PROTECT all the Muslims in the world from having or "consuming"

PORK/PORK DERIVATIVES/PORK INGREDIENTS/PORK DNA.....in their bodies, especially in order to protect our own Muslim children!

Personally, I believe that there is an international plan to fill the bodies of all the Muslims in the world with PORK and other MUHARRAMAT like alcohol too in foods. Medicines and vaccines?

This was made worse by the CARELESSNESS of most Muslim consumers ,Muslim organisations, Muslim doctors and chemists to check well if what they eat/consume is 100% halal and there is no any haram in it?...

I recommend an urgent Muslim Summit, with all specialists and professionals food scientists/doctors/chemists and Muftis, in order to investigate well all food items which contain pork or any haram substance and other sources of PORK in order to educate widely and in all languages all the Muslims in the world about this wide spread of MUHARRAMAT...!...

Failing to do that, we all will be guilty and will be asked on the Day of Judgement for this most serious neglect and PUNISHED accordingly !

IS THERE ANY ONE LISTENING???

Dr A Majid Katme (MBBCh,DPM)

Spokesman: Islamic Medical Association/UK

Medical Researcher/Speaker on true Halal meat/foods
