

# THE DANGERS TO THE UNBORN CHILDREN TO THE TRADITIONAL NATURAL FAMILY AND TO ISLAM AND MUSLIMS IN THE UN SOCIAL AGENDA

immoral and unhealthy and illegal behaviour

-Sexual orientation: you can change and be any sex you want?

-Gender/Equality which damage women and contradict many of our Islamic teachings

-Right to be lesbian or homosexual

-Right to prostitution

-Wide legal distribution of contraceptive pills and condoms to our innocent children and youth to facilitate more adultery/sex before marriage and sexual immorality

- Family planning(UNFPA/IPPF)/contraception/population control/ no to many children

-Abortion... now the issue of female foeticide is rising and having more acceptance in India,China, lately in the UK?

- Approval of new unnatural families?: Families in various forms(single parent,2 lesbians/2 homosexuals...)

-No support to marriage or the traditional family

-No support to motherhood

-No support to parental responsibility

-No support to religious rights to the family

IN ALL DOCUMENTS/DISCUSSIONS/DECISIONS:

NO GOD NO RELIGION NO MORALITY NO MARRIAGE NO MOTHERHOOD NO CHILDREN

NO TRADITIONAL FAMILY AND NO SOVEREIGNTY TO COUNTRIES MENTIONED IN ALL THESE UN DOCUMENTS IN A POSITIVE WAY ????????????

Besides this large immoral evil UN agenda , it will bring us also a LOT OF DISEASES and SUFFERINGS and PROBLEMS , with a huge ECONOMIC cost?

Dr A Majid Katme has attended before more than 10 International UN social Conferences:

Cairo(Population and Development), Beijing(women), Copenhagen , Istanbul(Housing), Rome(Foods), New York(women/cloning) , Hague etc... He worked closely with hundreds of Christian Pro-life Pro-family NGOs and with the Holy See Vatican in all these Conferences on our shared: Muslim- Christian values regarding the sanctity of human life/opposing abortion , morality/chastity , marriage(heterosexual)/motherhood and family values .

Amazingly: All the work done by our Christian friends in the UN Conferences was fully supported by Islam and the Muslim believers.

Dr Katme met frequently Arab and Muslim delegates in all these UN Conferences ,warning and educating them about the immoral unhealthy and unislamic clauses and ideas in the proposed document which was discussed and debated daily.

Dr Katme produced and distributed to the Muslim delegates in all these Conferences a lot of Pro-GOD Pro-morality Pro-life Pro-family Pro-health and Pro-Islam Flyers.

Unfortunately this unique important UN work has been neglected till now by Muslim and Arab governments and leaders and by Muslim NGOs and Imams???

Dr Katme was almost the only Muslim from the Muslim world who

-ABORTION(killing innocent unborn children) pushed all the times and in different ways in order to make it LEGAL in every country especially in the South/third world countries/Arab/Asian and Muslim countries?

ABORTION is "pushed" under:

Woman right Sexual right Human right Reproductive right Safe abortion Gender choice poverty

Abortion was pushed a lot in

this attractive misleading term:

REPRODUCTIVE HEALTH ???

The WHO definition of Reproductive Health is:

"Reproductive health means men and women having access to methods of fertility regulation of their choice"

The WHO definition of fertility regulation includes:" interrupting unwanted pregnancy"

That is ABORTION?

Prevention of having children( new life) by:

the propagation and the wide

facilitation of population control/contraception/immoral sex/prostitution/lesbianism/sexual right/no marriage and abortion?

UN DANGERS TO THE FAMILY:

By the wide propagation and legal recognition of

-Sexual rights(right to Zina/adultery, homosexuality...)
